NUMBER 1

MIRACLE CURE FOR MODELER'S MALAISE...

Have you been bored with the club lately? Are the lack of projects bugging you? Do you feel like the world of Model Railroading is passing you up like The Coast Starlight running behind schedule? Take heart a cure has been found that is available to all at a reasonable price. Step right up and get your prescription today.

Take one Teaspoon on
Friday evening between
7:30 p.m. to 11 p.m.

One teaspoon of
Work Night Elixir
will do the job
every time. Start your regimine next Friday.....

After the initial dose, projects will come into focus with amazing clarity. Time lines for withwhile projects will leap off the calendar with regularity. Your pulse will quicken, and fun will come back into your life once again.

Stop by any Friday evening and pick up your prescription. Work Night Elixir is the cure you have been waiting for.

WELCOME ABOARD

A hearty welcome to Nick Smith our new student. Nick is in The 'HO' division of EBMES and can be found working with Vice President Paul Soito on Friday evenings.

An equally hearty welcome to Dave Meyers a visitor for a number of weeks. Dave has been helping build the walls in the warehouse. Dave was introduced to the club by Senior Member Tom Furner.

More hearty welcomes to Ralph Edwards, Tom Armstrong, and Robert Marshall. Even though these men are visitors at this time, they have been working on various construction projects. We all appreciate their interest and help.

If I have missed any visitors, please let me know.

SUCCESSFUL SATURDAY

Saturday, January 21, 1989 was an official workday at EBMES. It was a great success...A number of members, and prospective members turned out to "make sawdust fly".

Thirteen or fourteen men showed up from 10 a.m. on and worked until about 4:30 p.m.

A number of major projects underway received the attention of the eager workers. One major project, the public walkway had a number of men occupied all day. Our electrifying President was very busy with the electrical conduit project...while others were busy working on the floor near the north east corner of the warehouse.

We plan to schedule more Saturday workdays in the future. (next: Saturday, Feb. 11th)... It was great to see the progress in just one day.

SLIDE SHOW CAPS EVENING

Friday, Jan. 20th members present were treated to a slide show by Ken Harrison. Some of the locations were The Pacific Northwest, and as far east as Boston.

The St. Maries Line, part of the old MWR was a featured part of the show.

We always enjoy the slides that Ken brings to share. Thanks again Ken.

BRIGGS VISIT CLUB

Long ago members Bob and Doras Briggs paid the club a visit last Friday. Bob and Doras joined the club back in the late forties and were the first husband and wife team to attain membership in the club.

Bob and Doras were active in 'O' Trolley and

MATERIAL NEEDED FOR PUBLICATION

Deadline for copy to be considered for publication is the third Friday of the month. Place copy in Editors Box in office

VOLUMES MISSING

Over the years we have had Editors come and go, consequently Clinkers & Sparks was printed now and again. We are really not sure when the first edition was published or how many issues have been printed over the years. Because of this uncertainty we are going to renumber the issues commencing with the February edition as Volume 54, Number 1.

STORIES NEEDED

Clinkers & Sparks is in need of material for publication. The deadline for material will be the second (2nd) Friday each month. Place material for consideration in the box marked EDITOR in the Board Room.

Several new columns will appear with this edition. The Calendar, Classified Adv. (for members only at this time). A Museum Report Corner...Any other ideas?

RAILS IN THE GARDEN
